

Conquest Graphics 25.5x11 Newsletter

Place this template in a separate layer
in your layout program and delete or turn off
before sending/exporting your file.

To use this template for the inside
of your print project, flip it horizontally.

Bleed →

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

Margin →

For best results keep text and images that must be seen and read at least 1/8" from edge of page.

Trim →

Edge of page.
