

**Trim**

Edge of page.

**conquestgraphics**

*Value in Print Since 1922*

**2x7**

**Place this template  
in a separate layer  
in your layout program  
and delete or turn off  
before sending/exporting  
your file.**

**← Margin**

For best results keep text and images that must be seen and read at least 1/8" from edge of page.

**Bleed** →

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.
