Copy margins
We recommend keeping copy 1/8"
in from fold lines in most cases.

Margin →
For best results keep text and images that must be seen
and read at least 1/8" from edge of page.

Bleed
For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.
