To use this template for the inside  
of your print project, flip it horizontally.

**Back Panel**

**Front Panel**

**Copy margins**

We recommend keeping copy 1/8"  
in from fold lines in most cases.

**Margin**

For best results keep text and images that must be seen  
and read at least 1/8" from edge of page.

**Bleed**

For borderless edges, extend images, photos and/or  
solid background colors 1/8" beyond the edge of the  
page. This area (yellow) will be trimmed during the  
finishing process. It should not contain any information  
you intend to be seen or read.

**Trim**

Edge of page.
