

Conquest Graphics 9x12 Presentation Folder

Place this template in a separate layer
in your layout program and delete or turn off
before sending/exporting your file.

To use this template for the inside
of your Presentation Folder, flip it horizontally.

Back Panel

Front Panel

Bleed

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

Trim

Edge of page.

Pocket

(this folds in, so the text/graphics should be upside down)
