**Bleed**

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

**Copy margins**

We recommend keeping copy 1/8" in from fold lines in most cases.

**Margin**

For best results keep text and images that must be seen and read at least 1/8" from edge of page.

**Trim**  
Edge of page.
