Conquest Graphics 7.25 x 5.25 Envelope

**Place this template in a separate layer
in your layout program and delete or turn off
before sending/exporting your file.**

Envelopes will print on mailing side only, not on the flap.

Bleed

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

Margin

Due to grippers on press, envelopes may not have image printing in the area 5/16" from left and right edge of sheet, or 1/8" from top and bottom.

Trim

Edge of page.
