## Conquest Graphics Quick-Ship Pocket Folder

Place this template in a separate layer  
in your layout program and delete or turn off  
before sending/exporting your file.

To use this template for the inside  
of your Pocket Folder, flip it horizontally.

Business Card Cutouts

### Bleed

For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

### Trim

Edge of page.

**Pocket**  
(this folds in, so the text/graphics should be upside down)
