

## 36x24 Ceiling Dangler With Rounded Corners

Place this template in a separate layer  
in your layout program and delete or turn off  
before sending/exporting your file.

Rotate this template to use it horizontally.

### Bleed

For borderless edges, extend images, photos  
and/or solid background colors 1/8" beyond  
the edge of the page. This area (yellow) will  
be trimmed during the finishing process.  
It should not contain any information you  
intend to be seen or read.

### Margin

For best results keep text  
and images that must be  
seen and read at least 1/8"  
from edge of page.

### Trim

Edge of page.
